

*We are delighted to inform you* that CBC Cleaning and Restoration and Scope Environmental have joined forces. The same excellent service, the same great technicians, the same friendly office staff that you have worked with for years will still be servicing your cleaning and restoration needs.

Now we can arrive sooner, travel farther, and schedule faster as a result of this alliance.

So if a new uniform arrives at your door, please know they are part of the family and will provide you with the same exceptional level of service you have grown to love through the years.

If you have any questions please feel free to reach out to us anytime!

**CBC Customer Review, Yelp**

We had a flood in our kitchen and CBC was referred to us by a friend to help get us back up and running. We received an incredibly detailed estimate in a timely manner. Do not hesitate and have CBC come out, you will not be disappointed!!!

**Scope Customer Review, Yelp**

Delighted to find this company. Peter showed up on the MINUTE of his 1 hour window. He was extremely thorough, checked the moisture levels, gave me tons of options, answered all my questions and gave me a clear picture of my repairs. Highly recommend this company!

**William Z.**

**CBC Customer Review, Google**

CBC has been taking care of my carpets and furniture for over 20 years. They are very professional and always do a great job. I definitely recommend CBC for your all your cleaning needs.

**Scope Customer Review, Google**

Scope Environmental came out to remove our wet walls and dry the wood to mitigate any mold from developing. They then completed the job by re-painting the walls back to their original look. The crew was very professional, knowledgeable, reliable, punctual and easy to work with. We would recommend them to anyone!
